You're invited...

<practice> invites you to receive a **100% FREE** hearing screening and consultation during our special <event name> event!

- ▶ *Do you often ask people to repeat themselves?*
- ▶ *Does your spouse think the TV volume is too loud?*
- ▶ *Do you feel like you may have excessive wax in your ears?*
- ▶ *Do you feel you can hear people but sometimes can't understand them?*
- ▶ *Do you have trouble hearing when talking on the telephone?*

If you answered yes to any of the above, this free hearing screening could change your life!

Please call early to confirm your free appointment. Space is limited and we will schedule on a first come/first serve basis. We look forward to seeing you soon!

<practice name>

has teamed up with Phonak Hearing Systems to bring you the latest and best hearing aid technology available today!

With new digital technology, hearing aids are smaller and more sophisticated than ever. Today, some are so small and effective, even you won't realize you're wearing one. Now you can control your hearing aid volume and settings automatically from your key chain or wrist watch.
